Approved Repairer and Battery Stockist Directory

The AANT strongly recommends the services of Approved Repairers.

Approved Repairers guarantee the effectiveness of their repairs under normal operating conditions for a MINIMUM of three (3) months or five thousand (5,000) kilometres, whichever occurs first.

Approved Repairers must, on request from an AANT member, provide a written estimate of repair costs. If the costs will exceed the estimate by 10% or more, the member must be advised and give authority to proceed. Approved Repairers in Specialist categories are also included, the appropriate category appearing in front of the phone number. (This does not apply to Crash Repairers, for which a separate list is issued.)

Mechanical Repairers – Approved Services*

- | | |
|---|---|
| 1 Engine tune-up | 6 Electrical |
| 2 Minor engine repair and vehicle servicing | 7 Clutch, manual transmission and rear axle |
| 3 Major engine repair | 8 Automatic transmission |
| 4 Steering and suspension | 9 Air conditioning |
| 5 Brakes | |

* Where some approved services are not available, those provided are numbered in **bold**.
